SEPTEMBER 2018

We are very excited to share with you some additional impressions of Faarufushi to give you further insights and a sneak preview of some of our facilities at Faarufushi.

'Athiri' means beach side in the Dhivehi, the local language of the Maldives. The perfect name for our exclusive but laidback beach venue. Guests can enjoy several facilities together in one location, including a gym for a relaxing work out with a view, water-sport facilities and an array of dining possibilities overlooking the turquoise waters.

Athiri will offer:

Gourmet coffee and fresh juices
Tapas and ceviche counter
Teppanyaki and robata
Bagels and paninis
Wood-fired pizzas

BOLI

Boli is our signature bar, located at the edge of the reef. One of the best locations for a guaranteed sunset view, open from 5pm till late in the night. When the night falls, our guests can enjoy the starry sky with relaxing music complemented with carefully selected wines, innovative & classic cocktails.

FAARUFUSHI OUTLOOK & THANKS TO OUR PARTNERS

We would like to thank all our partners with their continued support. What is very promising is that we have already received confirmed bookings and have many queries. Without you we would not be in this position. Due to the fact that most of the queries are from mid January onwards, we have taken the decision to slow down on our bookings for the festive period to ensure that we provide our guests with service and an experience that exceeds their expectation.
